PAGE SCHOOLS TURNS 4! Founders' Day celebrated on 14 September

From the Director's Desk

Dear Parents and Guardians,

Welcome to a new academic session at PAGE Schools. It has been a pleasure welcoming our learners back and beginning the year with renewed energy and purpose.

This term, we have introduced new approaches to learning and clearer assessment pathways, while continuing to strengthen our commitment to each learner's growth and development.

September also brought opportunities for our school community to come together through our Parents' Orientation, Founders' Day, World Car Free Day, and Teddy Bear Day.

I sincerely appreciate our parents and staff for their continued partnership and support. Together, we look forward to a successful year of learning, growth, and excellence.

Warm regards,

Gertrude Ogbeche (Mrs)

Director

Early Years

Highlights

Our learners are settling in, making friends, and exploring through play and discovery.

September highlights included Founders' Day, club activities, and Teddy Bear Day. Our Early Years programme nurtures communication, literacy, numeracy, creativity, independence, and social skills.

Through Tapestry, our online learning journal, we document each child's learning journey and encourage parents to engage with updates and share observations from home.

Thank you for your continued partnership as we nurture confident, curious, and independent learners.

Teddy Bear Day

Early Years learners and their "My Family Tree" display

Teddy Bear Day in Early Years

The new academic session began on 7th September with a more coherent curriculum for Years 1–6.

Pupils follow the Cambridge curriculum for English, Mathematics, and Science, alongside History, Geography, Computing, French, PE, Art, Music, and Nigerian Studies, combining international learning with Nigerian identity.

Thematic learning connects subjects around shared topics.

Founders' Day. Primary pupils with the celebration cake

Baseline assessments and reading-age checks were carried out in September to establish each child's starting point, while Learning Ladders, our progress-tracking framework, will track progress throughout the year.

Our Parents' Orientation on 19th September introduced families to the new approach.

The whole school also celebrated Founders' Day and marked World Car Free Day.

Secondary

Years 7–9

The new academic session began on 7th September with an exciting new approach to learning for Years 7–9: thematic-based teaching.

Pupils explore shared themes across Science, History, Geography, English, and Art, developing critical thinking and real-world understanding.

Baseline assessments were conducted to identify each learner's starting point and guide teaching throughout the year. Our blended Cambridge and Nigerian curriculum prepares pupils for Checkpoint, IGCSE, NECO, and WAEC.

The whole school celebrated Founders' Day on 14th September and marked World Car Free Day on 22nd September. Pupils supported the initiative by cycling, using scooters, or simply walking to school.

Some of our secondary students also participated in the National Children's Conference on the Elimination of Child Labour, held on 15th September at the ECOWAS Commission Hall.

SEN Department

Special Educational Needs

The SEN Department welcomed learners back for a new term focused on growth, learning, independence, and meaningful participation.

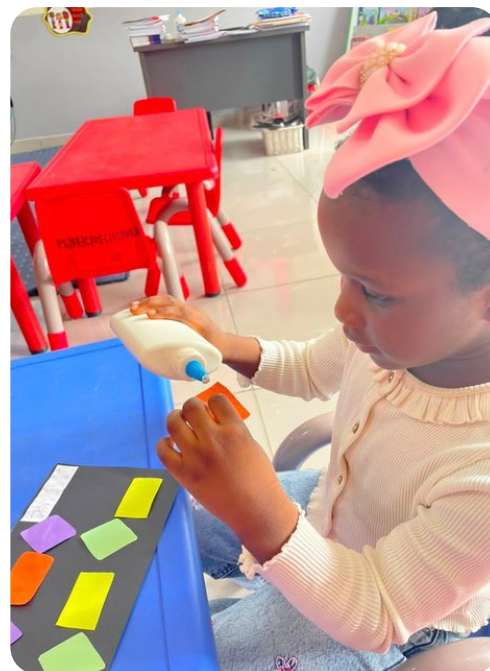

We remain committed to creating an inclusive environment where every learner is understood, supported, and given opportunities to reach their potential.

Our team reviewed individual learner profiles, Individualised Education Plans (IEPs), targets, and previous progress to identify areas requiring continued support.

Our specialised resources, therapeutic equipment, Speech and Language Therapists, and qualified Applied Behaviour Analysis (ABA) professionals support individualised interventions that promote communication, learning, independence, and overall development.

This term, we will also promote inclusive thematic teaching through visual resources, practical activities, sensory experiences, adapted materials, technology, and peer learning.

We look forward to working closely with parents to support every learner's progress.

23 Nov	MON	End-of-term assessment / Cambridge progression test
2 Dec	WED	Charity event
5 Dec	SAT	End-of-year fun activity

Other Events

Whole-school highlights

Founders' Day

The whole school came together to celebrate Founders' Day on 14th September, marking four years of PAGE Schools. The occasion provided an opportunity for pupils and staff to reflect on our school's journey, celebrate our shared values, and appreciate the vision and dedication that continues to shape PAGE Schools.

Parents' Orientation

Our Parents' Orientation held on 19th September welcomed parents to the new academic session. The session provided an opportunity to share important information about the new curriculum, thematic learning, assessment approach, and expectations for the year, while strengthening the partnership between parents and the school.

World Car Free Day

PAGE Schools marked World Car Free Day with a whole-school initiative promoting cleaner and more sustainable ways of moving. Pupils came to school on bicycles and scooters, while others walked. The activity encouraged our learners to think about environmental responsibility and the importance of greener choices.

Teddy Bear Day

Our Early Years learners celebrated Teddy Bear Day with their favourite teddy bears and stuffed animals. Through songs, rhymes, play, and a teddy bear picnic, the children explored themes of care, friendship, and responsibility while enjoying a fun and memorable learning experience.

National Children's Conference

Some of our secondary students participated in the National Children's Conference on the Elimination of Child Labour, held on 15th September at the ECOWAS Commission Hall.
